Unlimited Paintless Dent Repair

Unfortunately dents and dings are impossible to prevent and have become more and more expensive to repair.

Accidents happen all the time - in a parking lot from a shopping cart or from someone else's car door, as you're driving home from debris in the road or even in your own garage or driveway.

Dents are more than an irritating occurrence; they can significantly reduce the value of your car. The Janus Paintless Dent Repair Plan will help you keep your newly purchased vehicle in dent and ding free condition.

Utilizing techniques developed by automobile manufacturing teams, a highly-skilled technician is able to remove door dings and minor dents without harming your vehicle's factory finish.

-  Day one coverage
-  Unlimited number of repairs
-  Provides permanent repair of minor dents and dings
-  No sanding, painting or body fillers required
-  Nationwide network of skilled technicians
-  Won't increase your vehicle insurance premiums when used

Optional Windshield Repair

It can be hazardous driving on today's roadways, especially for your windshield which is constantly at risk from debris tossed in the air by other vehicles.

Stars and cracks not only reduce your car's value but are also dangerous since they can impair the driver's vision and if left unrepaired can spider web out requiring full windshield replacement. With the Janus windshield repair upgrade you can avoid these costly expenses.

-  Day one coverage
-  Safely and permanently repairs windshield cracks and chips
-  Helps eliminate the potential need and expense of windshield replacement
-  Won't increase your vehicle insurance premiums when used
